REDEFINE YOUR LIFE WITH TECHNOLOGY

ADVANCED INDUSTRIAL DEHUMIDIFIER

www.ryltenergy.com

ABOUT RYLT ENERGY

- RYLT Energy, based in Hyderabad, is a pioneer in innovative air and climate control technology.
- We specialize in designing and manufacturing advanced, energy-efficient dehumidifiers and dryers, built to meet the demanding needs of the food & confectionery industry.
- With expertise in Indian engineering excellence combined with global OEM partnerships, we deliver solutions that are robust, reliable, and cost-effective.

WHY CHOOSE OUR DEHUMIDIFIERS?

- Our dehumidifier systems are designed to perform seamlessly in Indian climate conditions – from hot summers and humid monsoons to cooler winters. They ensure that chocolate, candy, and confectionery products are always protected from moisture-related issues, maintaining top quality and long shelf life.

RYLT Dehumidifiers

The **RYLT** range of **Dehumidifiers** is a proud **Make-in-India** innovation, designed and manufactured in Hyderabad with a focus on Indian climate conditions – from hot summers and humid monsoons to cooler winters. Built to deliver consistent dehumidification and drying performance, our systems ensure that chocolates, candies, and confectionery products remain **protected from moisture damage**, stickiness, and sugar bloom throughout the year.

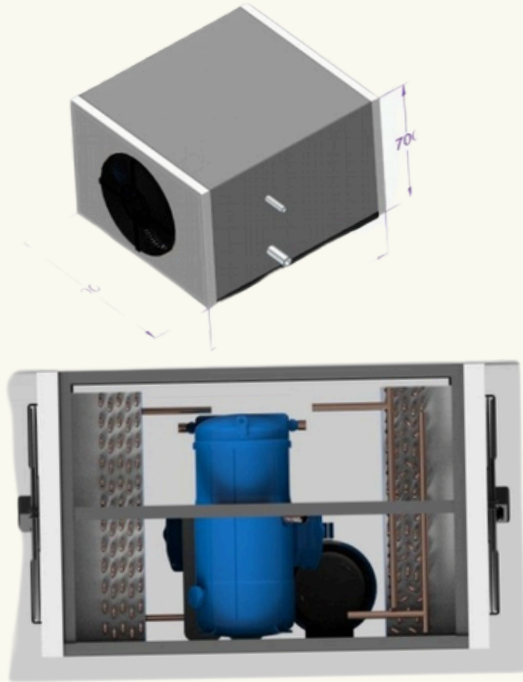

With models ranging from 25 KW to 80 KW RYLT offers solutions for small chocolate workshops, mid-sized candy production lines, large confectionery factories, food packaging areas, warehouses, and export storage facilities. Each model is carefully optimized for different production requirements, ensuring the perfect balance of **humidity control, energy efficiency, and durability for every application.**

Every RYLT dehumidifier is engineered with advanced technology, premium-grade components, and strict food-safety standards, ensuring long service life, high performance, and low operating costs. Designed for easy installation, user convenience, and minimal maintenance, they provide a seamless humidity control experience for continuous 24/7 operation in food environments.

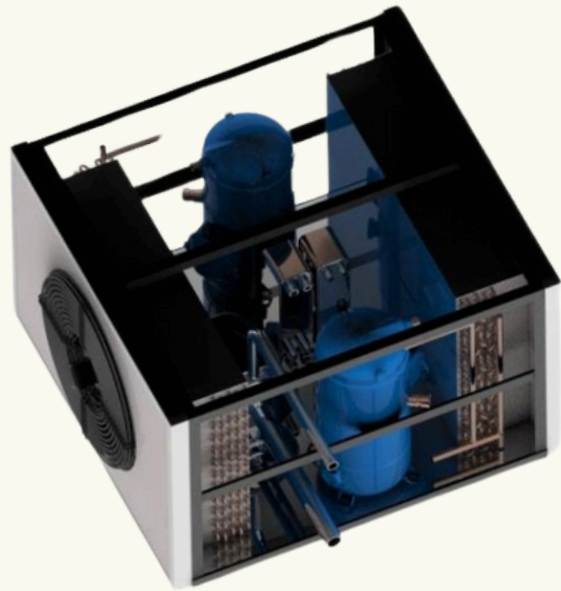

What makes RYLT stand out is our commitment to Indian engineering excellence – **delivering cost-effective, robust, and user-friendly solutions, backed by 24/7 local after-sales support. Whether for a boutique chocolate maker or a large-scale export confectionery facility, RYLT ensures unmatched reliability, consistent product quality, and long-term protection.**

Technical Data		DR450	DR700	DR900	DR1150
Dehumidification capacity at 30°C – 80% RH	l/24h	437	692	874	1129
Dehumidification capacity at 20°C – 60% RH	l/24h	203	352	406	609
Air circulation	m3/h	3000	3500	6000	6500
Number of Compressors	each	01	01	02	02
Type of Compressor	Type	Scroll			
Number of Fans	each	01	01	02	02
Type of Fan	Type	Axial			
Nominal power consumption	kW	4.9	7.16	9.8	12.06
Maximum current consumption	A	9	14.3	18	23.3
Operating range — humidity	% RH	40–99	40–99	40–99	40–99
Operating range — temperature	°C	15-36	15-36	15-36	15-36
Voltage supply	V/Ph/Hz	400/3/50	400/3/50	400/3/50	400/3/50
Sound pressure levels	dB(A)	63	65	63	65
Refrigerant	Type	R410A/R407c/R134a			
Dimensions (H x W x D)	mm	1000*700*700	1000*1200*700	1000*1200*700	1000*1600*700
Weight	kg	148	230	290	290

KEY FEATURES & BENEFITS

- **Smart Wi-Fi Controller** – Monitor & control humidity and drying from anywhere
- **Up to 70%** Energy Savings vs conventional drying heaters
- **Eco-Friendly Refrigerants** – R410A / R407C / R134a with zero direct emissions
- **Silent Operation** – Low-noise design for factory/production floors
- **Food-Safe Materials** – Corrosion-resistant construction suitable for chocolate & candy processing
- **Fast Moisture Removal** – High-capacity dehumidification ensures quick drying & protection from sugar bloom
- **Durable & Weather Resistant** – Designed for Indian climate (hot summers, humid monsoons)
- **Safety Protections** – Overload, high/low pressure & temperature safeguards
- **Low Maintenance** – Minimal servicing required, 24/7 reliability for production environments
- **24/7 After-Sales Service** – Always by your side with local RYLT support

APPLiCaTiONS

The RYLT Dehumidifier with Dryer is versatile and designed to serve different types of food & confectionery facilities with efficiency and reliability:

Chocolate Factories

Essential for maintaining controlled humidity during chocolate molding, cooling, and storage. Prevents sugar/fat bloom and ensures a smooth finish every time.

Candy & Gems Production Units

Keeps relative humidity under control, preventing stickiness and clumping in candies, gummies, and sugar-coated gems.

Food Packaging Areas

Protects finished products from absorbing moisture during packing, ensuring long shelf life and consistent quality for domestic and export shipments.

Warehouses & Cold Storage

Provides stable humidity in bulk storage areas, safeguarding chocolates and sweets from moisture damage, mold, or texture changes.

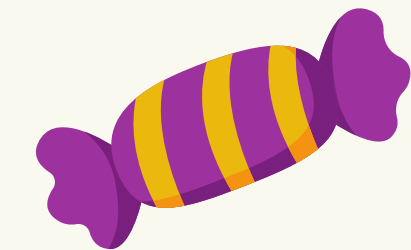

Export & Distribution Facilities

Meets international standards by ensuring chocolates and candies remain intact and premium-quality during long-distance shipments.

Pharmaceutical & Nutraceutical Units (Optional Market)

Maintains controlled conditions for hygroscopic tablets, capsules, and dietary supplements.

- **Price Estimate**

At RYLT Energy, we understand that every factory and storage requirement is unique.

The right dehumidifier model depends on production volume, room size, target humidity, and operating conditions.

💡 That's why we offer customized solutions and quotations instead of fixed prices in our catalog — ensuring the perfect match for your process and budget.

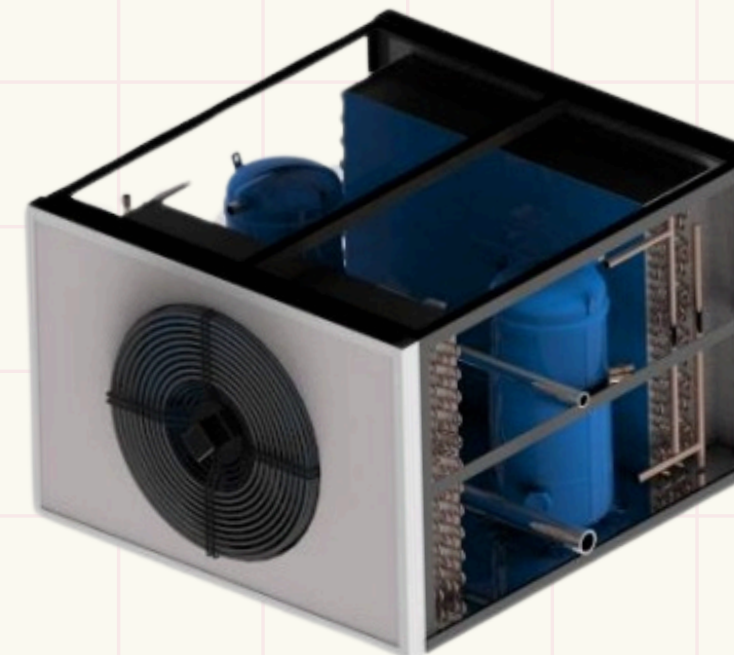

.

Warranty

12 Months Standard Warranty – From date of commissioning.

Covers manufacturing defects only.

Extended warranty available on request

THANK YOU

We sincerely thank you for considering **RYLT Energy** as your trusted partner for industrial HVAC solutions.

At RYLT, our mission is to deliver innovative, energy-efficient, and eco-friendly HVAC technology backed by Indian engineering knowledge and global standards.

Your satisfaction is our priority, and we look forward to building a long-term relationship with you.
